

Why do I have to register in order to access a download copy of the Request for Proposal (RFP)?

The State of Maine rules for awarding grants and contracts requires the Maine Commission for Community Service and all other state agencies to develop a list of every individual and organization that requests or downloads a copy of a particular Request for Proposals.

The registration asks for the contact information of the person obtaining the RFP. This contact information will be used to distribute by email any notices about changes in the RFP.

When you complete the form, the next page displayed has the link for the RFP document.
